**Bogota – October 2, 2017.** Everything we do at Wingo is aimed at offering low prices, ensuring our flights are always on time and providing good service to all those who want to have a happy flight. That's why we are very excited to announce that you can now use your debit card to purchase your Wingo tickets and customize your travel experience on [www.wingo.com](http://www.wingo.com) through the online payment system, PSE (Spanish acronym for Secure Online Payment).

Some of the benefits for travelers who purchase their Wingo tickets using PSE include making payments from your home or office, quick and secure payment, service available 24 hours a day, 7 days a week, 365 days a year and immediate confirmation for your peace of mind.

According to the Colombian Regulatory Agency for the Financial System, there are more than 26 million active debit cards in the country, and, that's 26 million opportunities for Colombians to purchase their low-price tickets to the best destinations without a hassle and fall in love with flying once more.

Plus, young people (18-25) make up 43.9% of all the users who gained access to financial products last year. And, as Wingo is for everyone, this number makes us super happy, because we know that there's nothing better than getting away from college and enjoying a great weekend with friends without spending much.

This new payment method is here to join the ones we already offer: credit card, cash (at any Exito or Surtimax cash register or Dimonex office upon prior reservation on [www.wingo.com](http://www.wingo.com)) or by calling our call center.

In order to purchase your Wingo tickets at the best price and as smoothly as possible using any debit card, you need to first register in the PSE system, then look for the PSE button when purchasing your Wingo ticket, click on it and that's it!
